- Grade - Excellent

**1998**                      **IEK. AKMI**                      **Athens - Greece**

***Music Technology Diploma***

- Grade - 17/20

**1998**                      **The University of Michigan**                      **Athens - Greece**

***Certificate of Proficiency in English***

**1997**      **Municipal Conservatory of Acharnes**                      **Athens - Greece**

***Diploma in Byzantine Music***

- Grade - Very Good

## WORKING EXPERIENCE

---

**January 2019 – Today.**

**Boosted Boards**

**USA - Remote**

**Senior Frontend Developer (Remote)** <https://boostedboards.com/gr/>

- Maintaining, optimizing and adding features to Boosted Boards website.
- Team size: 10+
- Technologies: React, Apollo, GraphQL, Contentfull, Scrum

**September 2018 – Today.**

**Civic UK**

**UK - Remote**

**Web Developer (Remote)** <https://www.civicuk.com/>

- Working on improving and expanding an internal tool for Amazon Partner Network – <https://aws.amazon.com/partners/>. Using React – Redux and RoR.
- Web App for reporting and analysing gender pay gap data for companies - <https://curogpg.com/> with React – Redux and Highcharts library.
- WordPress plugin creation – i.e. <https://wordpress.org/plugins/civic-social-feeds/>
- Custom website templates – i.e. <https://hunteradams.co.uk/>
- Interactive Books for European Union with React.
- Team size: 10+
- Technologies: React, Redux, Ruby on Rails, Drupal, WordPress

**February 2018 – September 2019**

**KeyBee Hosting**

**USA - Remote**

**React-Native Developer (Remote)** <https://www.keybeehosting.com/>

- Managing and adding new content to a published application to Apple and Play store which provides services to Airbnb hosts. Also, contributing to design decision, solutions and architectural improvements.
- The application includes a complex link system with Airbnb which simulates the login process (captcha, two step verification (call-text or email)) in order to get a verified account and connect it with the application.
- Team size: 10 (2 Developers).
- Technologies: React, React-Native, Redux, Redux-Thunk, ES6.

**December 2016 – Today**

**SimplyBook Startup**

**Greece**

**Frontend React Developer** <https://www.simplybook.com/>

- Contributing to design decision, solutions and architectural improvements.
- Creating the frontend in a web application for managing online car rentals in Greece which includes a landing page, the dashboard management system for customers <https://admin-stage.simplybook.com/> and payments with stripe.
- Team size: 4.
- Technologies: React, Redux, Redux-Thunk, Flexbox, ES6, GitLab.

**January 2017 – January 2019**

**USA - Remote**

**Teaching Assistant / Instructor (Remote)**

- Teaching Assistant at “The Complete MySQL Developer Course” (Udemy.com). Managing content, providing solutions for students in the QA section.

- October 2016 – February 2017      MeetGreek Startup      USA**
- Lead Ionic 2 Developer (Remote)**
- Developing a hybrid location-based chat app for Greeks around the world.
  - The app uses Facebook login for authentication and Firebase as backend service. Other features: Camera integration and real-time chat (messages and photos).
- Team size: 1 developer – 2 founders.
- Technologies: Ionic 2, Angular 2, Typescript, Firebase.
- 
- May 2016 – October 2016      Kukarika Apps      Greece**
- Web Developer (Remote)**
- Developed a mobile application for tablets which was used at a demonstration from 'Myloi Matsopouloi'.
  - Provided continued maintenance and development of bug fixes and patch sets for various existing web applications.
- Technologies: HTML, CSS Animations, PSD to HTML.
- 
- January 2015 – May 2016      Ecep Technologies Limited      London – UK**
- Web Developer (Remote)**
- Managed various websites owned by company. More specific, adding content daily, creating banners, adding and managing plugins, changing and editing themes according to customer needs.
- Technologies: WordPress - PHP - HTML5 - CSS – Photoshop, PSD to HTML.
- 
- January 2008 - December 2016      Ntoulagiannakis D.I.Y Store      Greece**
- Sales Manager – Web Developer**
- Manage orders, sales goals and revenue objectives.
  - Manage, coordinate and develop the Sales Team (5 people).
  - Designed, created and implemented the custom-made website of the company, including a complete backend system for adding, editing, removing products and managing orders by using Ruby on Rails, JavaScript and Bootstrap.

- April 2005 – December 2007      Mabrida Studio      Greece**
- Audio Engineer**
- Post production for SKAI TV Greece (Rec/Edit/Mix more than 1000 documentaries).
- 
- May 2005 – October 2007      Power Music      Greece**
- Audio Engineer**
- Post production for TV (Dora The Explorer, etc. – Audio Visual)
- 
- June 2001 – March 2005      Sierra Studio      Greece**
- Audio Engineer**
- Post production for TV and Cinema (Dreamworks - Disney). Rec/ Mix - Voice editing.

## TECHNICAL SKILLS

---

### Through working experience

- React, Redux, Thunk, ES6
- GraphQL, Contetfull, Apollo
- PHP, Symfony3, RESTful API
- Scrum, code reviews
- Ionic 2, Angular 2, Typescript
- Firebase, MongoDB, MySQL

### Other

- Location – based website (in progress), using the MEAN stack - <https://thawing-anchorage-72783.herokuapp.com/> **MongoDB, AngularJS.**
- Web Store website (in progress), using **Ruby on Rails.** <https://www.ntoulagiannakis.gr>
- A demonstration blog with separate frontend and backend using Laravel framerork and PHP. <https://github.com/glympero/Blog> **Laravel, PHP, Javascript, AJAX.**
- Stanford Courses Online (CS106A, CS106B). Programming methodology, abstraction. **Java and C++.**
- Stanford Course Online (Introduction to Databases). **XML data, JSon Data, SQL.**
- Cork University Online (Web Development Fundamentals). **HTML5, CSS3, JavaScript.**
- Harvard University Online (CS50 - Introduction to Programming). **C, PHP, MySQL**
- Harvard University Online (CS164 - Mobile Software Engineering). Ajax, encapsulation, event handling, **MVC**, object-oriented design. **Objective-C.**
- Visual Basic and C#, Xcode, Swift, IOS App Development.
- UML, Agile development, RAD, TDD.
- Avid ProTools Expert and excellent use of several Music and Video programs.
- Word – Excel – Keynote – PowerPoint.

## HOBBIES AND INTERESTS

---

- Running and cycling
- Console gaming
- Listening to music and playing the guitar
- Going to the cinema and watching TV Series

## INTERPERSONAL FACULTIES

---

I always try to achieve my goals despite any obstacles and I am punctual in meeting deadlines. I possess excellent communication and team skills developed through working within groups during University studies and working experience. I am able to work on my own initiative or as part of a team, and I am dedicated to maintain high quality standards. I consider myself to be an enthusiastic and I have the desire to achieve in my lifetime and to challenge myself with my work and would love the opportunity to advance my skills with you.

## **REFERENCES**

### **Mike Achladiotis**

President of Sierra Recordings SA  
99 Mesogion Avenue, 11526, Athens, Greece  
+302106980393, [sierragr@hol.gr](mailto:sierragr@hol.gr)

During his time here, he has consistently demonstrated a strong work ethic and a dedication to success. He has been an excellent employee with exceptional analytical skills in problem solving tasks. He has a high level of motivation and self discipline. He has demonstrated great initiative and strong dedication in all the projects he has worked on.

We believe that Mr. Lymperopoulos has the qualities needed to becoming successful in any area he chooses to follow.

For these reasons, I highly recommend Mr George Lymperopoulos as a candidate for your job.

### **Faidon Sofianos**

Director-Producer  
Dimosthenous & Argous, 19400, Koropi, Athens  
+30 2106620805, [sofiana@otenet.gr](mailto:sofiana@otenet.gr)

Mr. Georgios Lymperopoulos worked in our company during the period 2005-2008 in the technical department of our studios Mabrida in Koropi.

Our collaboration was successful in many ways. Mr.Lymperopoulos proved to be a valuable partner in both, technical and professional excellence which was required in highly stressful conditions of production. He could find solutions to difficult situations and provide results that often far exceed the original specifications / requirements we had undertaken on behalf of the TV station Skai.

His team spirit and coordination skills were soon recognized by his colleagues and effectively helped the production team to deliver unique results on the market in terms of volume and quality.

Personally, I would like to highlight another aspect of the partner but also friend George, which can be rarely found in a highly competitive market as the media. Even in the most stressful situations Mr.Lymperopoulos was always calm and cooperative without losing his sense of humour.

I particularly thank him for his contribution but also for the and integrity of his character over the years he spend working with us.

Leaving the company for his own personal reasons, particularly saddened us and his absence is still noticeable.

I wish him great success, although I'm sure he would excel in any chosen field.

To Whom It May Concern

Dear Sir or Madam,

It is a great pleasure to write this letter of recommendation on behalf of George (Georgios) Lymperopoulos. I have known George from December 2016 to December 2017 when he worked in my (stealth) startup company as a frontend developer.

George had proved to learn quickly new technologies like Polymer, React.js, Redux, etc He was a key member of our development team and his assignments were completed satisfactorily and on-time.

I have found George to be:

- Reliable
- Accountable
- Concerned about quality
- Transparent
- A good communicator
- Analytical
- Someone with strong development skills

I have no reservations in recommending him for the post of Frontend Developer in your organization, as he would be a breakthrough for any organization.

I can be reached at any time through my phone number and/or email address if you seek any further clarifications on his strength.

Sincerely,

Harry Laoulakos

CEO Simplybook / Technical Lead

Letter of reference for: George Lymperopoulos  
Teaching Assistant - "The Complete MySQL Developer Course" at Udemy

To Whom It May Concern:

I create comprehensive technology courses for students which are sold on multiple e-learning platforms. Due to the demanding nature of the subject matter taught in these courses, they require support provided by Teaching Assistants. George has been the sole Teaching Assistant for the past year in the course titled "The Complete MySQL Developer Course" which is hosted at [Udemy](https://www.udemy.com/the-complete-mysql-developer-course/) (<https://www.udemy.com/the-complete-mysql-developer-course/>).

His responsibilities include answering questions posted by students on the course forums and live chat-line. He has also created very helpful beginners guides on "Learning PHP" and "Creating an app using PHP and MySQL" for use by students to aid in the learning process.

George is a dedicated and hardworking individual. He has provided thorough and timely support for students, demonstrating good communication skills in the process.

I would strongly recommend George for any position which provides him a solid growth opportunity and utilizes his skill-set.

I can be reached by email at [mashrur.hossain@gmail.com](mailto:mashrur.hossain@gmail.com) or by phone at +1-732-735-0223 should you have any further questions.

Respectfully Yours,

A handwritten signature in black ink, appearing to read 'Mashrur Hossain', with a stylized, flowing script.

47100  
Greece

4 August 2015

Dear Georgios

I am writing on behalf of the Board of Examiners to congratulate you on your outstanding overall performance on the MSc programme.

To obtain an overall average grade of more than 80 is a testament to your ability, commitment, and hard work. You must be delighted with your results.

You are welcome to refer to this letter of congratulation for an outstanding distinction in your CV, and I'd like to take this opportunity to wish you continued success in your future career.

Yours ever

Prof Bruce Christianson  
Chair – Board of Examiners  
School of Computer Science
